

Agenda Item 5

Oxfordshire 2030 **Delivery Plan**

**Delivering on our pledges
to improve quality of life in the county.**

Oxfordshire 2030

Oxfordshire 2030 is a Sustainable Community Strategy and sets out a long-term vision for Oxfordshire's future.

“By 2030 we want Oxfordshire to be recognised for its economic success, outstanding environment and quality of life; to be a place where everyone can realise their potential, contribute to and benefit from economic prosperity and where people are actively involved in their local communities”

Our ambition is to:

- Create a world class economy for Oxfordshire building particularly on the high tech sector
- Have healthy and thriving communities. We want to sustain what is good about our city, towns and villages but also respond to the needs of the 21st century including the impact of demographic and lifestyle changes
- Look after our environment and respond to the threat of climate change and the potential for more extreme weather conditions. The threat of flooding is a particular concern.
- Break the cycle of deprivation by addressing the regeneration needs of disadvantaged communities; reducing the gap between the best and worst off and supporting people to maximise their talents and raise their aspirations.

Our main strategic objectives are therefore:

1. A World Class Economy
2. Healthy and thriving communities
3. The Environment and climate change
4. Reducing inequalities and breaking the cycle of deprivation

The Partnership is committed to tackling inequalities across all its partners. We have highlighted these actions in blue throughout the plan as reducing inequalities and breaking the cycle of deprivation affects everything that the plan sets out to achieve.

We also recognise that in relation to everything we do we must:

- Be sustainable. As we work to deliver our vision we must consider the social, economic and environmental impacts of our work, and ensure the resources and capacity needed to deliver change exist and are sustainable.

The strategy has the support of all of the key statutory agencies in the county as well as voluntary and business sectors' endorsement. The expectation of the Oxfordshire Partnership is that key agencies will reflect the Vision and priorities in their own corporate plans and in their resource allocation so we ensure that we deliver the vision.

The Delivery Plan

Actions to reduce inequalities and break the cycle of deprivation are highlighted in blue. 2

Oxfordshire 2030 DELIVERY PLAN

The Delivery Plan contains the following:

- Three year targets that are in our Local Area Agreement (LAA) – an agreement between the Government and partners in Oxfordshire which reflects some of the highest priority key targets.
- Key targets which are important locally but not in the Local Area Agreement

We officially agreed our Local Area Agreement 2008-11 with Government in June this year. At the original negotiation it was not possible to agree three year targets for all our chosen indicators. It was agreed that these gaps would be filled during the first year of the agreement through the review and refresh process. We are currently scoping the indicators that will be refreshed and are having regard to the current economic situation in doing so. This will in turn be reflected in the *Oxfordshire 2030* delivery plan.

Managing performance

The governance and performance management framework for the Oxfordshire partnership is currently under review. The principles are as follows:

Progress in meeting targets and objectives is managed by the thematic partnerships responsible for that theme. Some targets cut across partnerships and in these cases agreements will be made about who shall be responsible for delivery.

Partnerships are responsible for developing action plans which show how we will achieve our targets. The detail of the targets is not reflected in this plan but will be available through the performance reports. We are also developing project and risk management principles.

LAA and Local targets are monitored by the Oxfordshire Public Service Board (www.oxfordshirepartnership.org.uk) who report to the Oxfordshire Partnership and to the public on progress. In addition the Oxfordshire Partnership will review quality of life indicators annually to ensure that action being taken is having a beneficial effect on the lives of local people. Local targets are managed by Local Strategic Partnerships in each district and district Local Strategic Partnerships also contribute to relevant countywide targets – please see the local distinctiveness section. We are all working together to achieve the shared vision for the future. This approach means that we can make best use of our resources, joining up where necessary, whilst ensuring very local issues are also tackled.

Local Area Agreement targets – agreed by the Oxfordshire Partnership and with the Government.	<ul style="list-style-type: none"> • Progress managed by thematic partnerships. • Progress monitored by the Public Service Board quarterly. • 6 monthly reports to GOSE / Government. 	Oxfordshire Partnership produces an annual overview of progress based on quality of life indicators.
Local targets – agreed by the Oxfordshire Partnership	<ul style="list-style-type: none"> • Progress reported quarterly to the Public Service Board. 	

Actions to reduce inequalities and break the cycle of deprivation are highlighted in blue. 3

Oxfordshire 2030 DELIVERY PLAN

District targets + contribution to countywide targets where relevant – agreed by District Local Strategic Partnerships.	<ul style="list-style-type: none">• Progress monitored by District Local Strategic Partnerships.	
---	--	--

All performance reporting shall be available on the Oxfordshire Partnership website. (www.oxfordshirepartnership.org.uk)

Criteria for agreeing targets and actions in this plan

Targets and actions in this delivery plan have been included because:

- They will deliver on the strategic objectives in **Oxfordshire 2030**.
- They can only be achieved through partnership working – not “business as usual” for the public sector or any organisation acting alone.
- They came out of the consultation events we held in 2007 to develop *Oxfordshire 2030*.
- They are targets agreed with the Government for the Local Area Agreement.
- They are targets agreed by the Oxfordshire Partnership as being Local targets
- There is an emphasis on, or contribution to, preventing problems developing further in the future, for example, reducing childhood obesity to improve health and well-being later in life, or reducing the risks of flooding to housing and business.

There are many plans and strategies in the county. Strategic county-wide partnerships, for example, Oxfordshire Children and Young People’s Trust have their own priorities and action plans. There are five District Local Strategic Partnerships – the Oxford Strategic Partnership, Cherwell Community Planning Partnership, West Oxfordshire Strategic Partnership, South Oxfordshire Partnership and the Vale Strategic Partnership. They each have their own challenges, priorities and action plans.

This Delivery Plan does not replace these. Its purpose is to align our objectives where it is relevant to the priorities in **Oxfordshire 2030** in order to deliver better outcomes for everyone in the county and raise the profile and importance of acting together to get things done.

Oxfordshire 2030 Delivery Plan

Strategic objective : World Class Economy

Oxfordshire is an economically vibrant area. Compared with the rest of the UK unemployment is low and the economy is prosperous. We have a lot to be proud of: the highest level of research and development in Western Europe; a concentration of high-wage, high-tech industry; and of course, world-renowned universities. But global economic conditions and competition mean we have to work even harder to secure a world class economy for the County

We pledge to:

- Collaborate across public, business and voluntary sectors to build on Oxfordshire's economic success.
- Create the conditions for everyone to have access to jobs.
- Ensure that educational attainment and skill levels are amongst the very best in the country so we provide a well qualified, motivated workforce to meet the needs of business.
- Grow the economy whilst achieving a sustainable balance between jobs, housing and environment
- Tackle traffic congestion across Oxfordshire, particularly on trunk roads and around **market towns** Oxford City and other hotspots.

Oxfordshire 2030 DELIVERY PLAN

Pledges	Medium term objectives (LAA and Local targets for next 3 years)	Longer-term objectives	Lead partnerships
1. Collaborate across public, business and voluntary sectors to build on Oxfordshire's economic success.	<ul style="list-style-type: none"> • Increase the GVA per head of Oxfordshire's population from its current position of 13th out of 131 NUTS3 (county) regions nationally to one of the top 10 in the NUTS3 league by 2010 • Increase the economic impact of tourism, increasing the value of tourism activity for local businesses. The aim therefore is to increase the value of tourism activity that directly benefits local business in terms of direct business turnover from the 2006 baseline of <u>£1,198,616,000</u> (from economic impact model data commissioned from Tourism South East). • Increase the promotion of cultural and sporting events within tourism and create 5 new festivals/events with a national profile by 2012. 	<ul style="list-style-type: none"> • VAT registered businesses showing growth. NI 172 • New business registration rate NI 171 • Average earnings of employees in the area NI 166 • Partners receive clear and timely intelligence about Oxfordshire's economy and the issues and opportunities facing it. • Strengthened town centre economies through retail, employment and tourism data on individual towns 	Oxfordshire Economic Partnership
2. Create the conditions for everyone to have access to jobs	<ul style="list-style-type: none"> • Reduce the numbers of working age people on out of work benefits. (LAA target NI 152) • Increase the number of those joining Oxfordshire County Council apprenticeship schemes by 100% by December 2010 (2009 target is 50/2010 target is 100) • Increase numbers of Level 2 Health and Social Qualifications in the workforce. (PCT / Learning & Skills Partnership to set target by Jan 09). Local target. 	<ul style="list-style-type: none"> • Oxfordshire's overall employment rate is above the average for the South East. NI 151. • Job density (number of jobs filled to working age population) QoL 14 • % of the working age population that is in employment QoL 11 • Working age people have access to employment by public transport. NI176 	Oxfordshire Learning & Skills Partnership and Oxfordshire Economic Partnership.

Actions to reduce inequalities and break the cycle of deprivation are highlighted in blue.

Oxfordshire 2030 DELIVERY PLAN

Pledges	Medium term objectives (LAA and Local targets for next 3 years)	Longer-term objectives	Lead partnerships
<p>3. Ensure that educational attainment and skill levels are well above the national average so we provide a well qualified, motivated workforce to meet the needs of the business</p>	<ul style="list-style-type: none"> • Increase the numbers / percentage of all 16 to 18 year olds who are in education, training or employment. (LAA target NI 117) • Reduce the inequality gap in the achievement of a Level 3 qualification by the age of 19. (LAA target NI 81) • Mandatory educational attainment targets (LAA NIs 72, 73, 74, 75, 83, 87, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101) • Increase the percentage of the working age population qualified to at least Level 2 or higher. (LAA target NI 163) • Increase the percentage of the working age population qualified to at least Level 3 or higher. (LAA target NI 164). 	<ul style="list-style-type: none"> • All young offenders and care leavers to be in education, training or employment.. NI 45 • Increase the percentage of the working age population qualified to at least level 4 or higher. NI 165 • Reduce skills gaps in the current workforce as reported by employers. NI 174 • Ensure that attainment, and skills levels are well above the average so we provide a well qualified, motivated workforce to meet the needs of businesses and public sector employers. 	<p>Oxfordshire Children's Trust and Oxfordshire Learning & Skills Partnership</p>
<p>4. Grow the economy whilst achieving a sustainable balance between jobs, housing and the environment</p>	<ul style="list-style-type: none"> • Increase net additional homes provided. (LAA target NI 154) • Number of affordable homes delivered (gross) (LAA target 155) 	<ul style="list-style-type: none"> • Ensure housing supply (including affordable housing) meets targets agreed in the South East Plan. • House price to income ration QoL 41 	<p>Oxfordshire Housing Partnership</p>
<p>5. Tackle traffic congestion particularly on trunk roads and around market towns, Oxford</p>	<ul style="list-style-type: none"> • Increase access to services and facilities by public transport, walking and cycling. (LAA target NI 175) • Increase the percentage of school pupils who travel to school by walking, cycling, by bus or 	<p>More reliable journey times (reduced average journey time per mile during morning peak times) NI 167</p> <ul style="list-style-type: none"> • Delivery of major strategic transport projects including improvements to 	<p>Oxfordshire Children's Trust Partnership</p>

Actions to reduce inequalities and break the cycle of deprivation are highlighted in blue.

City and other hotspots	through car sharing (LAA target NI 198)	M40 Junction 9 and 10./ East-West rail/ Access to Oxford and Quadrant Strategic Transport package. • Implementation of localised transport packages / improvements to deal with congestion hotspots throughout central Oxfordshire.	arrangements to be confirmed subject to the current review of governance.

Actions to reduce inequalities and break the cycle of deprivation are highlighted in blue.

Strategic objective : Healthy & Thriving Communities

People enjoy living in Oxfordshire. Surveys show us that over 90% of the people in Oxfordshire like living in their communities. We are fortunate to have a population that is generally healthier than elsewhere, with longer than average life expectancy. However, there are pockets where life expectancy is lower in parts of the County. Levels of crime are generally lower than average. We have a diverse population: as the most rural county in the south east of England, half our population lives in rural areas, but a quarter live in Oxford City with the remainder living in our bustling market towns. The profile of a 'typical' Oxfordshire resident is changing. There are now many more people over 85 living in the county and the number of people with learning disabilities living here has also increased. Our black and minority ethnic communities account for 5% of Oxfordshire's population overall and 13% in Oxford city. We want to ensure that everyone is safe from harm, able to live a healthy lifestyle and is valued in the community in which they live, work, grow up and grow old. We also want to ensure people have the ability to participate and contribute to their communities.

Healthy and Thriving Communities implies that:

- * Our towns, neighbourhoods and villages are communities with a heart, where local people work with each other and with service providers to improve their areas.
- * We work together to support and protect all vulnerable groups including older people and those with disabilities
- * People are physically and mentally healthy and live longer
- * Oxfordshire is a place where people feel safe and welcomed. Our foundations are strong: there are concerns about anti-social behaviour but generally our City, towns and villages are safe and pleasant places in which to live.

We pledge to:

- Work with local people including the voluntary, community and faith organisations and the military to sustain and build supportive cohesive, resilient and well planned communities
- Tackle crime and anti-social behaviour – particularly where the cause is the abuse of alcohol or other substance misuse.
- Work to prevent all forms of extremism that threaten the well-being of local people and communities
- Ensure every child gets every opportunity for a good start in life.
- Improve support and opportunities for independent living.
- Promote healthy lifestyles including the increase of physical activity
- Defend access to local services particularly in rural communities

Oxfordshire 2030 DELIVERY PLAN

Pledges	Medium term objectives (LAA and Local targets for next 3 years)	Longer-term objectives	Lead partnerships
<p>6. Work with local people including the voluntary, community and faith organisations and the military to sustain and build supportive, cohesive, resilient and well planned communities.</p>	<ul style="list-style-type: none"> • Increase participation in regular volunteering (LAA target NI 6) • Improve the overall/general satisfaction of residents with the local area (LAA target NI 5) • Increase the number of people who feel that they are treated fairly when using local services. (LAA target NI 140) • Increase the number of communities benefiting from involvement in local community planning to 8 -10 communities starting per annum and 20 already in development (April 09) • Increase the number of actions (identified as local priorities in community-led plans) are progressed within one year of publication to at least 50%. (April 09) 	<ul style="list-style-type: none"> • Create an environment for a thriving voluntary, community and faith sector by supporting the VCS Delivery Plan and objectives. Partnership arrangements to be confirmed subject to the current review of governance.

Actions to reduce inequalities and break the cycle of deprivation are highlighted in blue.

Strategic objective : Environment & Climate Change

Dreaming spires, rambling green spaces, buildings steeped in rich history: few could doubt that we enjoy an exceptional environment. We recognise our important role as custodians of the environment now and for future generations. Our challenge is to protect our areas of natural beauty while meeting the demands of a 21st century lifestyle and an expanding and ageing population. We recognise that the future of our environment is closely linked to the national and international response to the global challenge of climate change. We are committed to making our contribution.

Individuals, communities, the public sector and businesses will all need to play their part both in reducing carbon emissions and making our county as resilient as possible to the effects of climate change.

Our aspiration is to conserve and enhance our natural and built environment while balancing this against the needs of a thriving economy and the impact of climate change.

We pledge to:

- Reduce carbon emissions and improve energy and water efficiency by public sector organisations, and encourage residents and businesses to do the same.
- Reduce waste and increase re-use and recycling by households and businesses.
- Minimise the effects and risk of flooding.
- Ensure new development is built to high environmental standards.
- Support individuals, communities and businesses, to respond to climate change and to improve efficiency in their use of energy and water
- Keep Oxfordshire clean and green.
- Protect and enhance the biodiversity of the county.

Local Distinctiveness

Oxfordshire is a diverse county and, although we have identified a number of countywide priorities, there are geographical variations in terms of how important those priorities are for different parts of the county.

The five district Local Strategic Partnerships (LSPs) in Oxfordshire have all produced community strategies relevant to their local areas, which reflect their own ambitions, aims and objectives. These local ambitions have fed into and helped to identify the countywide priorities set out in this document.

This section sets out how the key issues within each district and a summary of their priorities for action. Local Strategic Partnerships will have an important role to play in implementing both the countywide and local priorities identified within this strategy
