

You are invited to the 1st Annual

# HEARSAY!

## Service User Event

Come and have **YOUR** say on Adult Social Care services

**WHERE?** At Witney Lakes Resort, Downs Rd, Witney

**WHEN?** On the 12th March 2010 between 11am–3pm

**HOW?** We can provide transport for you if needed

This event is for people who use Adult Social Care services and their carers, friends and family members. Come along and have your say about how the County Council are running the services that you use. By 'social care' we mean support and care which can help people live their lives as independently as possible whether they are older, disabled, have mental health problems or are unwell. If you receive a service that is working well for you, if something isn't quite right or something is missing that would really help you, come and tell us. Speak directly to the people who are in charge of organising your services and say what you would like improved. Oxfordshire LINK will follow this up next year to ask you if things have changed for the better.

Please contact Sue Marshall to book your place
