The Partnership will report to the Public Services Board on its progress in delivery of any agreed objectives.

The Partnership will be assisted in achieving agreed objectives by the following delivery bodies/agents:

- Economic Development

Oxfordshire Economic Partnership (OEP), through its Board of Directors and their core development group

The partnership will work closely with OEP and co-operate on delivery priorities and funding and other issues of mutual interest.

The local authority representatives on the OEP Board / core development group (1 County / 2 District) are charged with maintaining co-ordination and co-operation on delivery tasks and reporting back through the Partnership on OEP plans / progress.

- Housing

Oxfordshire Housing Partnership (OHP), through its Officer Steering Group (led by District Council Housing Authority function rotating in alphabetical order).

Following the creation of Strategic Planning and Infrastructure Partnership, OHP will operate primarily at local authority officer and agency official level. Local authority Member involvement will be through Oxfordshire Housing Partnership “Forum”

Annex 1

Oxfordshire Partnership Principles

General principles

The Partnership is committed to working to the general principles established by Oxfordshire Partnership:

- Visible commitment and ‘ownership’ by the various member organisations and individual representatives
- Mutual trust and respect
- Openness and transparency
- Effective communication and accountability
- Removal of barriers to equality of access and opportunity
- Effective decision making

Status of the partnership

- As the upper tier authority the County Council is required to ensure that a strategic partnership framework is in place (the Oxfordshire Partnership) to improve outcomes for local people.
- The Spatial Planning & Infrastructure Partnership operates within the framework of the Oxfordshire Partnership but does not assume, or take precedence over, the statutory decision-making and public accountability roles of elected members of local authorities, or of health services and the police.
- The partnership is not a legally constituted body but is freely entered into to meet collectively agreed objectives and consensus.

Principles of decision making

- Organisations participating in this partnership are expected to work collaboratively to deliver better outcomes for local people
- Decisions will be made by consensus. All public sector bodies share the “duty to co-operate” in strategic partnership and are expected to do so. The Chairman may ask Core Members present at a meeting to indicate a preference for one course of action or another but the vote will be indicative of views in moving to reach consensus and it cannot overturn the formally adopted policy of any of the constituent organisations – particularly those with a relevant statutory duty to discharge. Therefore the Partnership will support and influence accountable bodies but does not replace their decision making powers.

Transparency of decision making

- All meetings will be open to the general public except when there are confidential items to be discussed (guidelines for this are set out in the terms of reference of the Public Service Board).
- Meeting dates, agendas and minutes of meetings will be published on the Oxfordshire Partnership web site.

Consultation

- When partnerships agree strategies and plans it is expected that all those agencies affected will have been adequately consulted and the agencies responsible for delivering elements of the strategy are in agreement and are clear about the resources required.

Conflict resolution

- Where a conflict arises within or between partnerships this shall be resolved by following the procedure recommended in the Oxfordshire Partnership Governance Handbook 2009.
