Block ref	Target	Baseline	Current Performance	Context/additional
<b>Improved achievement at GCSE</b>				
CYP1 <b>Stretch</b> 305/06	Increase % of Year 11 pupils achieving 5 GCSEs A*-C (including English and Maths) from 44.6 (2005) to 51.2% by Summer 2008	44.6%	47.0%  <b>Green</b>	Wording has been amended to remove 'or equivalent' because this is not appropriate to use in reference to A*-C grades,
<b>Achievement of vulnerable groups</b>				
CYP2 <b>Stretch</b> A03/05	% of children leaving care achieving 1 GCSE A*-G (or GNVQ*) increase from 49% to 65% by 2009.	Baseline: 49%  end-of-year: 54% (30/56)	70.8%	New pupils may enter the cohort up to March 2007 which may change the final outcome but the prediction is significantly above the interim target of 56%

Block ref	Target	Baseline	Current Performance	Context/additional
			<b>Green</b>	*The target has been amended slightly to reflect that this should not measure 'or Equivalent' instead 'or GNVQ' as this is in line with central monitoring.
CYP2 <b>Stretch</b> A03/01	% Of children in care achieving 5 GCSEs A*-G (or equivalent) increase from 54% to 70% by 2009	54% (21/39)	52%  <b>Amber</b>	This figure is short of the interim target of 59% for 2006/07.  * The target has been amended to reflect that this should include 'or Equivalent'  Current work is in hand to look at next years projection and action plan with EES
<b>Increase employability of young people</b>				
CYP3 501/02	Increase % of young offenders attending full time (25 hours + per week) education, employment or training from 34% (41) to 40% (49) for those aged <b>over 16</b> by March 2009	34%	43.19%  <b>Green</b>	Although there is overall improvement against the targets, concerns remain over low achievement.
<b>Increase the number of healthy schools</b>				
CYP4 101/01	Increase number of healthy schools from 30 (04/05) to 285 (08/09)	30 (2004/05) 83 (2005/06)	157	Above national average and slightly below target of 160 for the year, but expected to be on target

Block ref	Target	Baseline	Current Performance	Context/additional
			<b>Green</b>	next year
<b>Increase participation in Sport and PE</b>				
CYP5 104/01	Increase % of 5-16 year olds from 60% to 85% by 2009 participating in at least 2 hours sport and PE a week (covers schools in the schools sports partnership)	60  2006/07 target: 65%	82%  <b>Green</b>	We have exceeded our own and the national targets against this indicator.  * Please note that figures for 2007/08 may be lower as schools not previously in the partnership are included.
<b>Reduce teenage conceptions</b>				
CYP6 103/01	Reduce teenage conceptions from 34.7 per 1000 (04/05) to 17.3 per 1000 by 2010  2004/05 result relates to 2003 data. (34.3 was the 2005/06 figure, 2004 data)	2003 data  (a) 34.7	Based on 2005 data  (a) 34.1  <b>Red</b>	This interim target has been missed see issues/risk in performance summary
<b>Reduce young homelessness</b>				
CYP7 503/01	Reduce number of vulnerable homeless 16 and 17 year olds from 250 in 2004/05 to 125 by 2009	Baseline: 250 (2004/05)	65 data is up to quarter 3 and indicates that we are on target  <b>Green</b>	Although well on target requires close overview as volatile.

Block ref	Target	Baseline	Current Performance	Context/additional
<b>Increase early preventative family support</b>				
CYP8 505/02	Increase number of full service extended schools from 1 to 6 by 2009	1	Was on target. No new data for Q4  <b>Green</b>	Definition has changed: additional unit will be a full service children's centre model with extended school provision
CYP9 505/01	Increase number of children's centres from 2 to 25	4 (2 designated; strategy approved for 2 future Centres)	15  <b>Green</b>	
CYP10 205/01	Increase number of parents accessing support through Children's Centres from 3938 (previously 2600) to 4330 (previously 4650) by 2008/09 please note that milestone and target have been revised)	3,938  LAA baseline: 2,600 (2004/05)	Data collected in April and available later in the year. In Q3, expected to be on target.  <b>Green</b>	2005/06 result available Oct 2006, and is considerably more than the original baseline (2,600 - 2004/05 data), and more than 2006/07 target. Baseline & targets have now been revised upwards
CYP11 205/03	Increase number of Family Group Conferences from 9 (2005) to 50 (2009) Interim figure 12	9	22  <b>Green</b>	On target - this number has been completed or is in progress.

Block ref	Target	Baseline	Current Performance	Context/additional
CYP12 A02/04	Increase placement stability of children looked after from 70% (05/06) to 85% by 2008-09  Interim target 75%	70%	68.0% (100/147)  Amber	Detailed look at failures will ensure lessons are learnt for next year
<b>Increase access to positive activities</b>				
CYP13 401/04	Increase % of young people aged 13-19 participating in Youth service to 15% by 2008/09	14% (8,205)	19% (11,055)  Green	
<b>Achievement of vulnerable groups</b>				
CYP14 A03/07	Reduce percentage of half days missed by children looked after	9%	11%  Green	Figure may be skewed by non-inclusion of out-of-county results
<b>Increasing the Gross Value added of the Oxfordshire Economy by providing skills to those without any qualifications</b>				
EDE1 Stretch	Stretch: 720 adults achieve NVQ level 1 or higher (or EQIV) by August 09 * value of target=2	See summary note	Green	39% (281 adults) of the target has been achieved in 30% of the timeframe (stretch element).  1,081 adults have participated meaning that 20% of the target has been achieved within the first 30% of the target timeframe (Non-stretch element)
<b>Increased employment and increased levels of business start ups</b>				

Block ref	Target	Baseline	Current Performance	Context/additional
EDE2	4.5% increase in total from 2006/07 to 2008/09 of young people aged 14 to 25 considering enterprise as a career option. Baseline to be established by September	Not set	No information available as slow to progress  <b>Red</b>	Progress against this target has been slow. This needs to be addressed and timescales revisited. See summary note.
EDE2	2% increase p.a 2006/07 to 2008/09 in young people aged 14-25 in starting their own business (pre-starts). The survey of the baseline will happen in September 2006: at the beginning of an academic year rather than in June when a school year is about to finish	Not set	No information available as slow to progress  <b>Red</b>	Progress against this target has been slow. This needs to be addressed and timescales revisited. See summary note.
<b>Increase Oxfordshire's GVA by developing tourism</b>				
EDE3	% Increase in number of visitors	Not set, will be average length of stay and total spend	Information not yet available	Revised target see note in summary of block

Block ref	Target	Baseline	Current Performance	Context/additional
<b>EDE4 has moved to Environment block</b>				
<b>Deliver 256 additional affordable homes within sustainable communities across Oxfordshire of which 70% will be social rented housing and 30% will be low cost home ownership units</b>				
EDE5 <b>Stretch</b>	256 additional affordable housing units will be delivered through the Oxfordshire Housing Partnership excluding units provided with Housing Corporation funding or Section 106 planning obligations	0	99  <b>Green</b>	99 starts on site in the year to 31 March 2007 consisting of 78 (79%) rented units and 21 shared ownership units (21%). The partners were the sole funders of 57 units and enabled the delivering of an additional 42 units by providing additional resources to deliver affordable housing. There are some risks attached to this target (for detail see summary).
<b>Reduce the number of falls among older people living in care homes</b>				
HCOP1 <b>Stretch</b>	By March 2009 reduce the number of falls within the care homes in Oxfordshire by 20% which means a reduction of 1600 falls per year from an estimated 8000	8000	  <b>Green</b>	We are continuing to make good progress against this target in total we have reviewed 126 residents since January 2006 See summary for specific details.  A risk (specialist nurse leaving) has been flagged against this target.
<b>Increase the number of older people supported to live in their own home</b>				
HCOP2	Increase by March	883		It is estimated that on linear

<b>Reduce health inequalities in Oxfordshire (life expectancy)</b>				
HCOP3	Reduce the gap in life expectancy between the worst quintile and the best quintile for all wards in Oxfordshire by 2% per year April 2006-March 2009. (Baselines available) Life expectancy by electoral ward: Abingdon Dunmore 86.6 years, Carfax 71.9		Too early to measure progress  No information available	A new mandatory target has replaced the original target. See summary info for HCOP block
<b>Reducing adult smoking &amp; exposure to second hand smoking in Oxfordshire</b>				
HCOP4	3,814 quitters in Oxfordshire 2005-2006, in line with DOH targets,	Baseline: 2004/05=2660 quitters. Provisional targets to be confirmed by the Health Authority: 2006/07=3879 quitters, 2007/08= 3946 quitters	3173  Red	Work is in progress to move forward on this target.  See summary note for detail

Block ref	Target	Baseline	Current Performance	Context/additional
<b>Increase participation of adult population in physical activities</b>				
HCOP5a	1% increase in the % of the population taking part in at least moderate intensity activities and recreation for at least 30 mins duration 3 days a week from baseline gathered in Active People survey later in 2006.	The baseline was established in December 2006 as 23.2% of the population over 16 years of age taking part in 3/30 or more physical activity.	Too early to report data	The baseline for this target was established following the Active People Survey and progress will be reported in next year's survey.  There is evidence of much good work to progress this target. For example: 5 District Forums run for clubs within Oxfordshire Education programmes for coaches involving over 250 coaches.
HCOP5b	1% increase per year in the use of Leisure facilities by March 2009, measured by throughput or number of members at District Council leisure facilities		<b>Green</b>	Satisfactory progress against the original target with 3 districts reporting increases greater than 3%, one district notes a 6% increase in throughput. However, a risk to the target has been identified- see summary note.
<b>Enhance the Independence and quality of life for older people and vulnerable people to sustain independent living</b>				
HCOP6	Increase by March 2009 the number of older people receiving Direct Payments to 150 per 100,000 adult population from a	90 per 100,000 in 2005/06		On target for 150 per 100,000 this year. The increase was due to the appointment of a dedicated Direct payments development officer.  *See summary note for more

<b>Improve access to information and advice for carers</b>				
HCOP7	To increase to 10% the proportion of carers receiving a 'specific carer's service' as a % of all clients receiving community based services from a baseline of 4.9% in 2004/05. This will be an increase from 610 to a minimum of 1240 by March 2009. (Interim targets: 2006/07:6%, 2007/08:8%, 2008/09:10%)	4.9% in 2004/05	<b>Green</b>	Current prediction for 2006/07 is 10% and it is very likely that this target will be achieved. It is worth noting that the Department of Health have issued clarification of what is included within the measure for 2007/08 so we need to work through the impact of this. New review guidance could impact on this target and must be considered.
<b>Establishing a countywide common referral and assessment process for preventative services</b>				
HCOP8	20% increase in number of referrals from various agencies	Although more progress on establishing the		There has been little progress against the baseline and the target will not be met for 2006/07. This is

All agencies will collaborate to identify milestones by September 06)	baseline has been made it still needs to be finalised.	<b>Red</b>	due to restructure of the PCT. See summary note.
<b>Reduction in offending by young people</b>				
SSC1 <b>Stretch</b>	Reduce the number of entrants aged 10-17 to the CJS from a baseline of 1,226 to 1079 entrants by March 2009	1,226	Data for April 2006 to March 2007- total of 984 entrants  <b>Green</b>	Target has already been exceeded in 2006/2007. There is further work in hand to extend the successful diversion scheme to other targeted vulnerable groups, and to extend IDSS services- both should further assist in meeting this target.
SSC1 <b>Stretch</b>	Reduce re-offending by young offenders from a baseline of 156 young offenders re-offending	156	Data for April 2006 to March 2007- total of 129 young offenders re-offending	Reduction from the baseline has already been achieved, and target has been exceeded in 2006/2007. Further work is in progress to

	to not more than 144 by March 2009		<b>Green</b>	enhance targeted interventions for PPOs, to improve the engagement of ETE, and to extend preventative services
To lower the incidence of domestic violence by promoting early disclosure, effective response to disclosure and ready access to resources to increase the safety of victims				
SSC 2 <b>Stretch</b>	Increase the number of incidents of DV reported annually to the police from a baseline of 5,495 in 2004/05 to 6,564 in March 2009	5,495	April 2006 to March 2007- total number of DV offences reported= 7,239. Target is being met by 675 incidents, 10.4% <b>Green</b>	Target is being met by 675 incidents, 10.4%. The challenge for the year ahead is to sustain this level.
SSC2 <b>Stretch</b>	Increase the number of sanction detections for DV offences from a baseline of 1,056 sanction detections in 2004/05 to 1,744 by March 2009	1,056	April 2006 to March 2007- total number of sanction detections for DV offences= 1,579. <b>Green</b>	The 2009 target is currently being missed by 9.5%, a total of 165 sanction detections. Momentum has decreased throughout the year. The analysis of district figures will be used for specific work around this indicator.
SSC2	Increase the number of champions by 100 (200%) by 2009		There are currently 178 Champions that have been trained <b>Green</b>	
<b>Reduce the rate of re-offending by adult and juvenile Prolific &amp; Priority Offenders (PPO)</b>				
SSC3 <b>Stretch</b>	Reduce the number of convictions resulting from charges for BCS	479	Total number of convictions recorded from the cohort of 98	Target is currently being met very successfully. However, it needs to be noted that performance for this

SSC4e	Carry out neighbourhood consultation to establish baseline information and priorities by April 2008		Details as previous target. This process is being completed as Neighbourhoods go live <b>Amber</b>	
SSC4f	Creation of a performance framework to measure the effectiveness of neighbourhood policing and PCSO's by September 2007		This is led at Force level, and the process is on going as neighbourhoods go live. <b>Amber</b>	
SSC4g	Set a baseline for perception of drug misuse in the neighbourhood policing action plan areas in year 1. Set milestones for further reduction in drug misuse perception at first year LAA refresh		PCSOs have been carrying out visits to hundreds of local residents in Blackbird Leys- asking about perceptions of drug use and dealing, using the "who, what, why, where, when and how" model. This is the basis of a scanning model based	Results of the visits in Blackbird Leys showed that perception was worse than the reality. The NAG is now focussing on changing these perceptions. PCSOs are currently working to this same format in the Barton area of Oxford City.

SSC9c	Develop an ASB data information and performance framework by 2007		No data available	
SSC9d	Based upon the data from framework, increase % of successfully completed ASBOs and ABCs (target to be determined when the framework developed)		No data provided. Message from TVP HQ stated that it was hard to determine what this indicator was actually measuring, so therefore it was hard to provide the right information.	
SSC9e	Develop a CCTV strategy and performance framework by 2007		<b>Green</b>	Work is continuing on this subject. Initial meetings have been held and will be continue to be held on a quarterly basis. The group includes TVP, district CDRPs, and the county council.
<b>To reduce crime (reduction in British Crime Survey comparator crimes)</b>				
SSC10	16.1% reduction in BCS crimes in Oxfordshire from 03/04 baseline to 07/08. 03/04 baseline = 30,240 offences, 07/08 target=25,110 offences, BCS milestones, 03/04 Baseline= 30, 240 BCS	03/04 baseline = 30,240 offences	April 2006 to March 2007, total number of BCS offences= 28,727.	Target has not been met by 6.4%- a total of 1,731 offences. However, this does show that a slight improvement in performance occurred during Quarter 4, as at end of quarter 3, the target was predicted to be missed by 7.5%.

<b>Reduce the level of arson</b>				
SSC15 (new ref) (SSC11-14 are Env targets now)	Reduction of 8% in the fires caused by arson by March 2009. Number of arson incidents: Baseline 04/05: 1557, Target 06/07: 1522, target 07/08: 1482, Target 08/09: 1432	Baseline 04/05: 1557	Data for April 2006 to March 2007- total number of Arsons= 1,239  Green	Target has been met for this year by 18.6%. A new Thames Valley Arson reduction officer has been appointed to work with the police and fire and rescue across the force to improve data sharing and to help improve prosecutions and detections. A new arson education officer will be appointed shortly to work with business and commerce to offer advice about prevention.
<b>To empower local people to have a greater voice and influence over local decision making and the delivery of services</b>				
STR1	Percentage of citizens who feel well informed about local affairs (Library of Local Performance indicators LIB 184) To be set when baseline established (Jan 07) using Best Value General Survey to be carried out in Autumn			The target- to establish a baseline has been achieved. The original question % of citizens who feel well informed about local affairs was amended for the survey. Professional advice was given (and taken) that this was not clear enough and more meaningful wording was put forward.

STR3	Increase the number of young people consulted about services from 3,000 to 5,000 per year by 2009 (no interim target set)	3000 (est)	<b>Green</b>	Total numbers of CY&P consulted by CT partners in 2006/07 = 2,183 and a further 23,499 through surveys.  Although the target has been achieved the definitions of 'consultation' needs refining.
STR4	Increase the number of young people participating in democratic decision-making processes (Sounding Boards, Trusts, Youth For a)	350 est	<b>2289 for 2006/07</b>	There was a significant underestimation on baseline data due to no previous mapping or auditing for participatory activity. The target needs to be refined because it doesn't capture the quality or impact of participation.
