

## OXFORDSHIRE CHILDREN AND YOUNG PEOPLES PLAN 2010 - 2014

### Summary of Key Issues:

- To receive and formally agree the attached Children and Young People's Plan
- To agree that the Executive Group and the Chairman agree the design of the final plan
- To agree arrangements for monitoring and reviewing the plan

### Background

Following discussion at the last OCYPT Meeting on 20 November 2009, the CYPP was re-drafted by a multi-agency group of the OCYPT Board to reflect the key messages from the consultation response. Please refer to the report produced for the last the November meeting for details. (Annex 1)

The OCYPT Board is now asked to formally agree and sign off the amended plan (Annex 2).

The detailed delivery plan and the three area plans are currently being developed and will be drawn up in time for the March meeting of the OCYPT Board.

Arrangements are in hand to formally publish the plan at the end of January. In the meantime a word version will be placed on the OCYPT website. As well as the published plan there will be a children and young people's version which is being overseen by the participation sub group. The design of the final published version will be agreed by the Executive Group and Chairman of the OCYPT Board

The plan will be formally monitored and reviewed by the OCYPT board via the performance sub group.
