

If businesses are to be successful they need to compete, and to compete they need competent, motivated and well-trained staff. Advances in technology and new working practices demand flexible staff with many skills at **ALL** levels.

Train to Gain is a service for businesses which provides help to identify and source training that will improve the skills of your workforce and enhance business performance. Train to Gain helps upskill existing staff who have few or no qualifications by enabling them to achieve a full Level 2 NVQ (equivalent to 5 GCSEs).

Taking your business forward - find out how Oxfordshire County Council's portfolio of training can help:

Laboratory & Assisted Technical Activities (Education)
Cleaning
Customer Service
Care
Teaching Assistant
Team Leading
ITQ

As part of their NVQ study, employees will be able to access support with English and Maths in the workplace - **FREE of CHARGE**
