BARGAIN BINS

Your council has joined up with the Recycle Now Home Composting Campaign, a not for profit scheme – backed by the government – to encourage people to reduce the waste they send to landfill. So how is it possible to sell bins at such low prices? Buying in large volumes direct from the manufacturers keeps costs low and these low costs are passed on directly to you.

This means that customers can purchase a standard 330ltr black compost bin for only £20.00 when the regular price is £50.00! Free home delivery is also included in this reduced price, so hurry and order yours today as stocks are limited!
