

# welcome

to your new  
Household Waste  
Recycling Centre at  
**Oakley Wood**

*Please use this  
handy leaflet to  
help make your  
trip easier and  
faster.*

# Here's how it works . . .

- Inside your new recycling centre you will find marked bays for different types of household waste.
- Park at the first bay you need, switch off your engine and apply your handbrake.
- Carefully put your waste in the right place. With your help we are aiming to recycle over 65% of everything you bring.
- Return to your vehicle and drive through the one-way system, stopping at any other bays you need.
- Remember: always pack your green garden waste and general non-recyclable waste last in your car, as these are the first bays for unloading.

You can recycle all the items listed below:

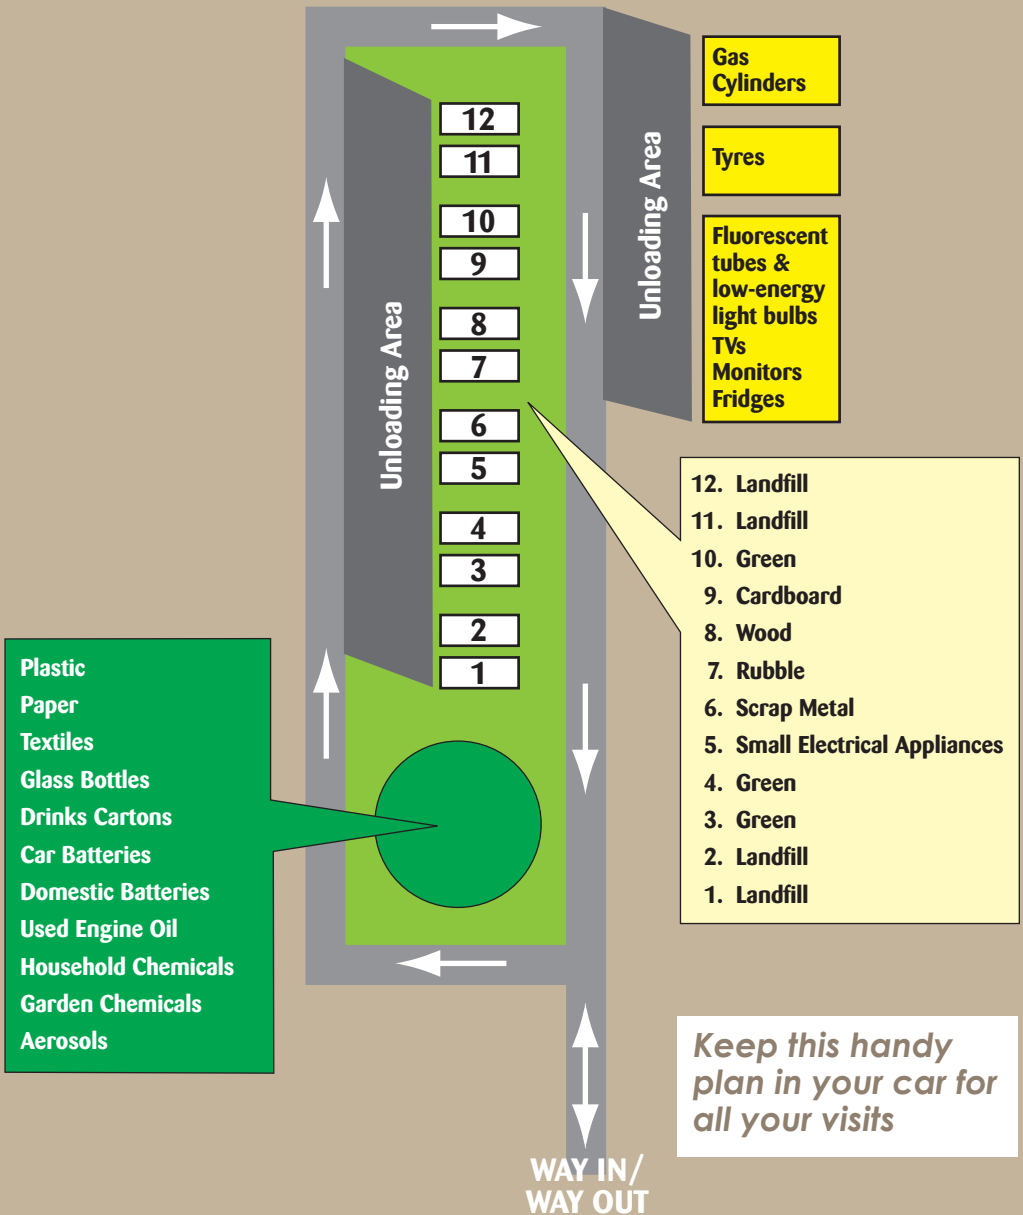

**foil, food & drink cans, glass bottles & jars, textiles & shoes, fluorescent tubes & low-energy bulbs, domestic batteries, car batteries, used engine oil, tyres, fridges & freezers, gas bottles, electrical appliances, TVs & monitors, paper & cardboard, green garden waste, scrap metal, soil & hardcore, wood & timber.**

**The centre is for household waste only**

**If you have business waste please call  
08450 50 45 50 for advice**

## Oakley Wood Recycling Centre

# Thank you for recycling
