Your voice on local health and social care

Your Voice on Social Care and Health

Have your say

Do you ever want to speak out about a social care or health service in your area?

Do you know how to make your voice heard?

You can tell us your experiences, good or bad, and how you think things could be improved.

We are listening!

How the LINK works

Oxfordshire Local Involvement Network (LINK) is a network of local groups and individuals set up by the government. We listen to what people say about social care and health services in our area and tell the local councils and NHS Trusts who provide them. They must listen and respond to the LINK's recommendations, and provide more information if required.

Take part in Oxfordshire LINK
