## Improvements to Queen Street – summer 2009

### Proposed bus stop locations

The table below shows the proposed new bus stop locations for buses serving the city centre. These changes are part of our proposals to relocate the bus stops from Queen Street to improve the street for pedestrians. For more details please see [www.oxfordshire.gov.uk/transformoxford](http://www.oxfordshire.gov.uk/transformoxford)

Most of the changes are in the Queen Street area. Most buses departing from other parts of the city centre will continue to use their current stop.

The table below must be read alongside the bus stop map at the end of the table, which shows the locations of all city centre bus stops (including proposed new stops).

If you cannot find your bus service or need any other information, please call us on 01865 815807.

### **We want to hear your views on the proposed bus stop locations.**
