

FOXBURROW WOOD WELCOME TRAIL OPENING CELEBRATION

SATURDAY JANUARY 5TH 2013

From 11.30am to 2.30pm

The Wychwood Project will be starting the new year in fine style with the official opening of our Welcome Trail; celebrating a significant milestone in the development of Foxburrow Wood, the Project's new community woodland.

The Welcome Trail has been designed to provide both a pleasant and accessible entry to the woodland and also to be a welcoming place in its own right, one that is in keeping with the rural surroundings and the natural character of the future woodland. A surfaced path connects a small car park to the main body of the woodland; tree and shrub planting, benches, a specific entrance route for dog walkers, areas sown with wild flowers and a new pond are all features to be enjoyed by people visiting the site.

We will be holding our launch party between 11.30am and 2.30pm. You are welcome to come at any point between these times. There will be refreshments and mulled wine to keep the chill at bay and Project members will be on hand to explain how the Trail was developed and our plans for the main woodland. We hope you will also take the opportunity to explore the developing Foxburrow Wood yourself, so bring your boots.

The Welcome Trail, shown circled, is located off Foxburrow Lane, south of Hailey near Witney Rugby Club.

There is good access on foot and by bike from Milking Lane off the Crawley Road.

Car parking (**P**) will be available in the field next to the entrance by kind permission of Mr and Mrs Tomlin of Southdown Farm. The nearest postcode is OX29 9UN
